Reasons for Allowance

1. Claims 1 and 4-16 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claim 1 is allowed for reasons of record recited in the applicant's remarks filed 10/25/05. In particular, the closest cited prior art, Motoki (US 2002/0028564A1) does not teach the relationship between theta (average in angles of the substrate surface to low index surfaces closest to the substrate) and alpha (the difference between theta and an inclination value measured at a point farthest from theta), where theta is larger than alpha.

Claims 4-16 are allowed as being properly dependent upon allowed claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
